

# THE TRUTH ABOUT TRUCKS: SAFETY

## THE 2015 F-150 IS THE TOUGHEST, SMARTEST, MOST CAPABLE AND SAFEST F-150 EVER

**MYTH** A vehicle made with an aluminum body isn't as safe as one made of steel

**FACT** F-150 is the only full-size, light-duty truck to receive NHTSA's five-star safety rating in all crash test modes and cab configurations

**FACT** The 2015 F-150 SuperCrew is the first large pickup in the industry to earn an IIHS Top Safety Pick in the current rating system

**FACT** F-150's excellent crash test performance is enabled by up to 700-pound weight savings through the use of high-strength steel in the frame; high-strength, military-grade, aluminum alloy in the body; and smart engineering

Additional standard safety features on F-150 include Trailer Sway Control, SOS Post-Crash Alert, Curve Control, AdvanceTrac with Roll Stability Control and Safety Canopy with side curtain airbags. In addition, F-150 is the only full-size truck available with inflatable rear safety belts\*

\*Class is full-size pickups under 8,500 pounds
