INTRODUCING TECHSTARS MOBILITY, DRIVEN BY DETROIT CLASS OF 2016

Techstars Mobility, driven by Detroit is a mentorship-driven accelerator program launched in 2015 to focus on next-generation mobility and transportation solutions. This year, 500 applicants from 52 countries vied for 12 program openings. For the next three months, the startups will work from Ford Field offices in downtown Detroit.

Techstars Mobility, driven by Detroit is sponsored by Ford Motor Company, Magna International, Verizon, Dana, Honda, McDonald's, Munich RE and Michelin.
