

THE TREMENDOUS TORQUE *of Fusion V6 Sport*

All-new 2017 Ford Fusion Sport, with its 2.7-liter EcoBoost V6, generates 380-lb. ft. of torque. Here's how it stacks up against other sports sedans – and even a popular sports coupe.

Did you know
torque is the force you
feel when accelerating
from a dead stop?

Ford Fusion Sport torque rating achieved with 93-octane fuel.
